

## Technical Specifications

55556

Connect16 prewired w/ USB-C PD charging

55556-USBC

Use the Connect16 Locker to store and charge up to 16 devices in one location.  
(most Chromebooks™, tablets, or notebooks up to 15")

## Features and Benefits

- Stacked design stores and charges up to 16 tablets, Chromebooks™, or notebooks in one small footprint
- Overall dims: 18"W [45.72 cm] x 17"D [43.19 cm] x 26.8125"H [68.11 cm]
- Device shelves are undercut to make it easier to remove devices
- Single cam lock with magnetic closure provides added security
- Rubber feet prevent locker from sliding on surfaces
- Separate locking power bay provides storage for inline adapters. Provides easy-access to electrical power while keeping line voltage, wiring, and cords away from students
- Shelf can be removed to create more space for wall adapter storage
- 16-outlet (125V~/12A, 60Hz) power unit works with both inline, and wall adapters
- Internal on/off switch
- Outlets work with in-line and our 65W USB-C PD AC adapters
- Cord management system keeps charge cords organized next to each storage bay
- Long, 12' power cord provides easy access to outlets
- Ventilated door and side panels keep devices cool, preventing overheating, and extending device life
- Magnetic catch on power-side door prevents opening when unlocked
- Rear grommet for power cord management
- Locker ships fully-assembled for quick, simple integration and deployment
- Durable powder coated steel chassis provides a long lasting finish
- Warranted to be free of all defects in materials and workmanship for 10 years, electrical system 2 years
- Designed and assembled in Chippewa Falls, WI, USA

### Color Options

Warm Gray  
(metal)

Black  
(laminated)

# Construction

- The top and base are constructed from 3/4" thick composite board with .030" high-pressure laminate on one face, and a balancing phenolic backer on the opposing face
- Metal components consist of 16-gauge steel
- 20-gauge side panels, shelf supports and doors
- Device shelves are ABS plastic
- All metal components are finished with a scratch-resistant powder coat epoxy
- Each Connect16 Locker is factory-assembled
