COLLABORATION & TRAINING BROCHURE

Innovative and Technology Ready.

New worksurface and leg shapes!

OPTIO COLLABORATION TABLE

The smart collaboration solution for any space.

Why Choose Spectrum?

Spectrum sets the standards for quality, ergonomics, and reliability and then exceeds them. From design to delivery, Spectrum is constantly innovating. We take our customers' needs seriously, giving you options for accessories and colors, and incorporating your feedback into new and improved products. No one stays abreast of the rapidly-changing demands of new technology like Spectrum. And we do it all without sacrificing durability, style, or functionality.

COLLABORATION TABLES

OPTIO COLLABORATION TABLE™

Create ergonomic, dynamic, and active collaboration environments.

ACCESSORIES

Empower your tables and desks with onboard electric options.

Popular accessories makes them easily configured to your teaching style.

Electrical Options

Power Module

Flush mount power and charging solution (2 AC, 2 USB) provides convenience while saving space; UL Listed

99058 - Black, Silver or White
99060 - Black, Silver or White

EM Wireless Charging Pad

Flush mount, electromagnetic charging solution; UL Listed

99057 - Black

Qi V1.2 compliant IC devices ("Qi" enabled); LED to confirm pairing / charging

7-Outlet Power Strip

7 total outlets; diagnostic LED lights; Surge Suppressor; \$25,000 connected equipment warranty through manufacturer; UL-listed

99024 - 7-Outlet Power Strip

Electrical Pak-8 Kits

Extremely versatile, Spectrum Electri-Pak - 8 (EP8) System Desk Kits are easy to install; UL Listed.

99013 - EP8 Kit for 24" Desk
99014 - EP8 Kit for 30" Desk
99008 - EP8 Kit for 36" Desk
99009 - EP8 Kit for 44" Desk
99018 - EP8 Kit for 48" Desk
99010 - EP8 Kit for 60" Desk
99011 - EP8 Kit for 72" Desk
99022 - Base Power Feed (36" long)

Shielded, isolated ground circuits; Three outlets per Power Module; Protection against electromagnetic interference; Circuit requirements tailored to your needs. To prevent overloads, Electri-Pak - 8 System Desk Kit brings three separate 15-amp circuits to each workstation in a modular wiring system. To provide receptacle security and Simplex Circuit block flexibility, each Wall Attachment Unit (Base Power Feed) comes with a 3-plug block and plug removal tool.

Single Circuit Power Kits

Designed to be versatile and easy for the end user to install, with very little wiring experience. Plugs into a 3-prong outlet. Available in a variety of lengths; UL Listed.

99063 - Single Circuit Power Kit (72")
99064 - Single Circuit Power Kit (60")
99065 - Single Circuit Power Kit (48")
99066 - Single Circuit Power Kit (44")
99067 - Single Circuit Power Kit (36")
99068 - Single Circuit Power Kit (30")
99069 - Single Circuit Power Kit (24")
99070 - Single Circuit Power Feed (36")

Three receptacles per Power Module (all on same circuit); Receptacle security (removal tool required); Single Circuit Power System is designed to bring one circuit of 15-amp service to each workstation in a modular wiring system; Protection against EMI (electro-magnetic interference); Circuit requirements are tailored to specific needs. One Single Circuit Power Feed (99070) is required to connect kits to a dedicated wall outlet.

Monitor Arms and Bases

Titan Dual Monitor Arm

See website for details.

Titan Single Monitor Arm

See website for details.

Titan Base Extension

Provides a 6" boost to your Titan Monitor Arm; Black only

95535B - 6" Extender Tube

Fits between the mount and arm to add height

Summit 2233 Single Monitor Arm

See website for details.

95539 - Summit Monitor Arm

Summit 2233 Single Monitor Arm with USB and Multimedia Ports

See website for details.

95540 - Summit Monitor Arm with USB and Multimedia Ports

Adjustable CPU Sling

Save desktop space by mounting your CPU below the desk. Spectrum recommends being used with desks to give students sufficient workspace. (8"-10"W x 17.5"D x 21"-23"H)

95500D - Dark Gray
95500B - Black (shown)
95500P - Putty

Narrow Adjustable CPU Sling

Made for most computers that occupy less space. Heavy-duty, adjustable, .75" nylon straps. (5" - 8.5"W x 18"D x 18"H)

95513D - Dark Gray
95513B - Black (shown)
95513P - Putty

CPU Sling

Provides CPU tower storage under work surface; The 38925 CPU Sling is specifically designed for use with electrically adjustable Flex Active tables, Evolution, and Esports Evolution desks (5" to 8.5"W x 18"D x 18"H)

38925D - Dark Gray
38925B - Black
38925P - Putty

Replacement Key Set

Includes two metal CH751 keys that work on all Spectrum locks

55142 - Replacement Key Set

- Make sure your students always have the power and data they need to stay ahead of the curve
- Keep workspaces neat and uncluttered
- Make connections and plug-ins quickly and easily
- Consult a professional electrician
