Spectrum's Media Director is designed to simplify the use and integration of a multi media lectern. We've designed the Media Director so that integrating podium lecterns couldn't be easier. A total of 52 rack units of rack rail are easily accessible from both front and rear to offer flexibility for the audiovisual setup of your choice. Quick-release doors and coordinated pass-through grommets simplify integration even further. Need to use monitor arms or a power/communication module? The Media Director includes standard cutouts on the worksurface for 2 arms and 1 module that double as grommets when not used. Overbridge models use an overbridge console specifically for the installation of training and presentation controls. Don't limit your integration potential – let the Media Director help you achieve your AV goals.

**Features and Benefits**

- Front and rear rack-rail equipment mounting simplifies installation for any equipment configuration with enough space for an internal CPU
- Standard rack rail brackets allow the front and rear rack rails to be moved further inside the unit, if necessary, to accommodate larger knobs and plugs
- Double-bolt, keyed locking front and rear doors provide security and easy-access
- Blank overbridge console version allows custom cutouts and installation of presentation controllers
- 3" swivel locking Twin-Wheel (TW) casters, and Toe Kick (TK) versions available
- Quick-release door hinges allow doors to be removed for full-access
- Removable acrylic viewing / access panel on the front door provides easy monitoring and access to internal equipment
- Ventilated side panels keep equipment cool
- Audience-side vented openings provide enhanced sound quality when speakers are installed
- Scratch and impact resistant 1.063" high-pressure laminate worksurface
- One rectangular worksurface grommet provides cable access or the ability to mount a power / communication module (standard version only)
- Two 2" cable grommets (left and right) on the worksurface or overbridge provide cable access
- Cable grommets throughout the unit keep wires and cords manageable
- Removable acrylic viewing / access panels on the front doors provide easy monitoring and access to internal equipment
- With enough storage space for an internal CPU, left or right-mountable rack-rail simplifies installation for any equipment configuration
- Pre-drilled left and right monitor arm mounting holes allow easy installation of a monitor arm
- Quick-change logo panel simplifies adding or changing logos
- Optional adjustable-height, flip-up shelf provides a convenient additional worksurface
- Optional steel handle provides easy mobility
- Wide variety of options and accessories allow unit to be configured to most situations
- Warranted to be free of all defects in materials and workmanship with a 10-year warranty

# Construction

- The worksurface, mid, and base panels are constructed from 1.063" thick NAUF (No Added Urea Formaldehyde) composite board with .030" high-pressure laminate on one face, and a balancing phenolic backer on the opposing face
- Metal components consist of 16-gauge and 20-gauge steel
- 16-gauge steel doors and corner columns
- Worksurface edges are covered with 3mm vinyl
- All metal components are finished with a scratch-resistant powder coat epoxy
- Solid wood corner trim
- Each Media Director V2 Lectern is factory-assembled with casters, packaged, and shipped on its own skid
