

# LT30 Laptop Cart

The latest addition to the line of customer-influenced horizontal-storage laptop products. The LT30 holds up to 30 laptops.

All Spectrum laptop carts that can charge more than 15 laptops at a time employ a Cycle Charger. This insures proper charging, prevents overloaded circuits, and peace of mind for the instructor.

**55210 CHBSR**

(standard cart has two rigid casters on one end and four swivel/locking casters in the center and other end for increased support and control while mobile)

**Student Side**

(trays pull out from either side of the unit for easy laptop access)

**(S) Superior Cord Management**

Instructor Side

Trays pull out from instructors side of the unit for convenient wire management and to control electronic access.

**(S) Superior Laptop Management**

Student Side

Trays pull out from student side of the unit for easy access to laptops and to simplify laptop distribution and return.

The Cycle Charger provides switching between auxiliary power, laptop power, and off. The timer allows cycle charging from 15 minutes to 4 hours. Shorter times allow quick partial charge for all laptops.

To constantly charge to one side or the other, set the switch to side A or B. Lights above switch indicate which side is charging.

laptop trays are 16<sup>1</sup>/<sub>4</sub>"W x 20<sup>5</sup>/<sub>8</sub>"D x 2<sup>3</sup>/<sub>8</sub>"H

**Standard color combination:**
