

Rack Rail Options

Rack Mount Cantilever Shelf

The Cantilever Shelf was developed to provide a handy shelf that mount via rack rail in carts and lecterns. 97502 utilizes three RU's and 97504 uses two RU's.

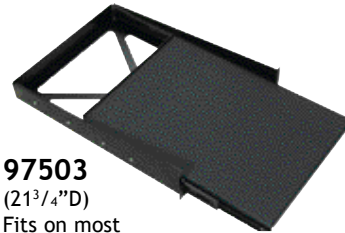

97502
(3 RU)

97504
(2 RU)

Rack Mount Pull-out Shelf

This product was developed to provide a useful pull-out shelf for use on carts and lecterns. Both 97503 and 97505 take up two RU's each. However, the 97505 is shorter in depth to fit on carts and lecterns with a smaller footprint.

97503
(21³/₄"D)
Fits on most Spectrum products with rack rail, see 97505 below

97505
(17³/₄"D)
Shorter shelf to fit:
- Compact Presentation Lectern
- Flat Screen Carts
- Evolution TIC

Rack Mount Fans

Spectrum's carts and lecterns are designed to dissipate heat build up from equipment, but if extra airflow is desired these rack mount fans will do the trick.

- Quiet fan includes fan guard with black powder coat finish
- Smooth, long life ball-bearing design
- Utilize 2 RU's
- 6" power cord

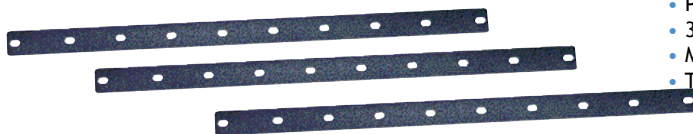

97507
(17³/₄"D)

97506
(17³/₄"D)

Wire Lace Kit 95517

The Wire Lace Kit includes:

- Plastic wire ties
- 3-flat, powder coated metal plates
- Mounts directly to rack rail
- Ties hold wires to plates for better cord management
