# Instruction/Presentation Carts

The Spectrum website puts all the product information at your fingertips.  
Search by product number or by name. Spectrum understands, knowledge is power.

◀ **Media Manager V2 with Overbridge or Cubby Panel:** Easy to integrate with quick-release doors and precise cord management. A presenter's dream with standard document camera drawer, flip-up shelf, and pull-out laptop/keyboard drawer. Spectrum's most popular presentation lectern!

◀ **Masters Lectern with Overbridge or Cubby Panel:** Fashioned as a custom-made wooden lectern to make a long-lasting impression to exclusive audiences. Comes complete with many standard features, but without the custom lectern price tag.

◀ **Media Director V2 with Overbridge or Cubby Panel:** Extra rack rail and worksurface space for exceptionally high-powered presentations. Vault-like security provided with dual-bolt locking doors to protect any audio visual investment within.

◀ **Doctorate Lectern with Overbridge or Cubby Panel:** Our premium multimedia lectern for high-profile learning environments. Generous rack storage and worksurface space offer flexibility without clutter. Solid wood edges and surround bring sophistication to any presentation setting.

◀ **Link Lectern with Overbridge or Cubby Panel:** Even when fully integrated, this lectern is just the right size for presenters to personally interact with their audience. And that ability to connect is gaining popularity in more and more learning facilities across the globe.

◀ **Freedom with Rack Rail:** With the push of a button, a whisper-quiet electrical lift adjusts the entire worksurface height. Sitting, standing, and even wheelchair-bound instructors can find comfort giving presentations, with standard rack rail space for effective audio visual support.

◀ **CPL:** Outstanding mobility to provide instant presentations in any room, with integral A/V equipment intact. Available Instructor Module features a pull-out laptop drawer for the ultimate in impromptu presentations!

◀ **AHL:** With 11" of vertical adjustment, 4 hydraulic lifts provide an ergonomic setting for instructors. Tailor your presentations with one free custom cutout for the worksurface technology of your choice.
