

Media Manager Lectern V2

Occasionally a product comes along that does so much, for so many that it becomes the benchmark in the industry. The Media Manager V2 is one of those products.

It comes standard with all the features customers have asked for. At the top of the list is accessibility, maneuverability, and ease of integration.

Besides the standard features, the Media Manager can now be configured so the Document Camera Drawer is mounted on the left or right side.

Presenter Side
55236 IDTK

Audience Side
55236 CHBHS

Order information:

Note: LEFT or RIGHT side determined from presenters side.
