

InTouch16™ Cabinet

NEW

MANAGE ANY DEVICE

Keep your tablets, Chromebooks, or laptops charged and secure in one location

Project based or 1:1 learning. Manage and power your devices on the wall, under the cabinet, at the table.

ORGANIZED

- Keep the devices safe and secure within the classroom
- A charging plug is placed in front of every bay
- All outlets located in a separately locked compartment

FRIENDLY DESIGN

- Ample clearance is provided for easy removal/insertion of tablets
- Manages up to 20 iPads or other popular tablet computers
- Overhead cord management keeps plugs handy

TABLET, CHROMEBOOK AND NOTEBOOK STORAGE SOLUTIONS

SAFETY FIRST

- DC separated from AC voltage
- Ventilated locker provides "chimney effect" airflow keeping equipment cool
- Optional syncing is available

UNIVERSAL

- Bays will accept most tablet computers on the market
- Generous spacing between outlets allow room for most power plug sizes
