- » Branding and Customization

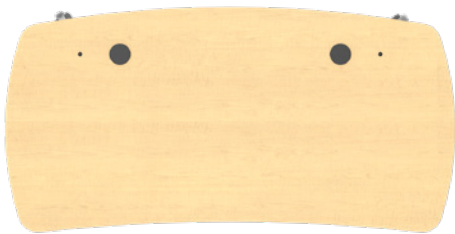

3 Integration Capabilities

Choose from the optional Undermount Rack Cabinet, Undermount AV Channel or Companion Equipment Rack

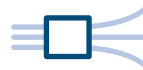

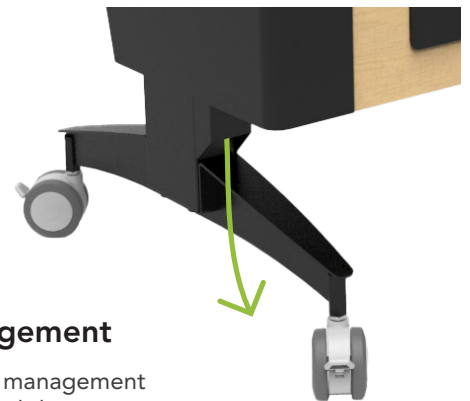

Branding and Customization

Add customized logos, colors or technology cutouts to create a workstation unique to you

Space Saving Design

24" depth and surface design provide maximum working space within a minimal footprint

Cable Management

Integrated cable management captures cords and directs them away from the user

Easy AV Access

Removable modesty panel provides easy access to technology

Height Adjustability

Provides flexibility for presenters and promotes accessibility for ADA Compliance.
