

Technical Specifications

55434

Use the InTouch32 Secure Tablet Locker to store and charge up to 32 tablets. Padded shelves and flexible dividers protect the tablets. Overhead wire management aids the wiring integration and allows charging plugs to hang in front of each tablet. The InTouch32 Locker is made with heavy-gauge steel for security and powder-coated for a durable, long-lasting finish. A dual-bolt lock locking door and the ability to secure the unit to a worksurface increases tablet security.

Features and Benefits

- Stores, charges, and transports up to 32 tablet computers including iPads® with large cases (up to 1.25" thick)
- 1.25"W x 12.642"D x 9.5026"H storage bay
- Durable ABS plastic dividers protect devices from scratching (dividers are also removable to provide storage space for thicker devices)
- Double bolt, keyed lock and heavy gauge steel door provides vault-like security for your investment
- Unit can be mounted to a worksurface for additional security
- Devices and students are separated from AC line voltage
- Superior, all-metal overhead cord management system keeps charge cords organized above each bay
- Access panel provides easy-access to electrical power while keeping all line voltage, wiring, and cords away from students
- Two vertical, 16-outlet, (125V~/12A, 60Hz) universal power units work with both inline, and wall adapters
- Ventilated door and side panels keep devices and chargers cool, preventing overheating, and extending device life
- Ships fully-assembled for quick, simple integration and deployment
- Durable powder coated steel chassis provides a long-lasting finish
- ETL recognized (certified to UL 60950-1) in the US and Canada for the cart and electrical system
- Warranted to be free of all defects in materials and workmanship for 10 years, electrical system 2 years
- Designed and assembled in Chippewa Falls, WI, USA

Color Options

Metal: Cool White (CW)

Construction

- Metal components consist of 16-gauge steel
- Vented side panels and doors are made of 16-gauge steel
- All metal components are finished with a scratch-resistant powder coat epoxy
- Each InTouch32 Secure Tablet Locker is factory-assembled
