

2019 Partner Program Application

Partners Program

Spectrum Industries recognizes the value of Partners who actively pursue selling efforts to specify Spectrum products, bundle our products with other goods, and merchandise Spectrum brand through web-based marketing, social media, trade shows, and contracts of trade. Therefore, Spectrum is willing to award value added resellers additional discounts, selling tools, and marketing services commensurate with a Partner's commitment.

The 2019 Spectrum Partner Program allows a Partner to make a good faith commitment to purchase \$25,000, \$100,000, or \$250,000 in calendar year 2019. This is not a contractual obligation to buy, but a good faith commitment to sell. Given this good faith commitment, Spectrum in return will offer:

1. Price Discount

Partners will automatically be eligible for an increased discount on all catalog products from 50% off list to 55% off list. On all orders Spectrum standard terms and condition of sales apply. They may be found on our website: [Terms](#)

2. Project Registration

Partners are expected to promote and specify Spectrum products with their customers. Where a Partner creates a specification, Spectrum will allow a project registration which will qualify the Partner for a unique price discount to reward the selling effort. The registration application is initiated by the Partner on the Spectrum website and approved or validated by the Spectrum Territory Manager only after the end user customer verifies the specification.

3. Price Discount on Approved Registered Projects (*Discount is from List*)

Once registered, a Partner's project will be eligible for an additional and unique 10% price discount. This changes the discount off list from 55% to 60%.

4. Onsite Product & Training Support

The Project Registration Commission Form can be found on the Spectrum Registration Web Portal.

10. Spectrum Contract Teaming
